Mr. Takahide Nakajima
President, SIMX Initiative, Inc.

After graduating from university, Mr. Nakajima once worked for a trading company and join his father's mold and die maker, Nakajima Koki Seisakusho, where he became the second president later. He has developed IT system to improve the productivities of his company and it let him to establish SIMX Corporation (currently SIMX Initiative Inc.) in 1988. He has given many lectures, drawing on his experience as a second-generation moldmaker and system builder.
