

Transform Your Business Management using AI&IoT

wed **14 September 2022**

8:00am – 12:00pm Japan time

(evening 13 September 2022 Latin America time)

Lecturer

Mr. Mitsuru Abe

Representative Director,
AI&IoT Promotions
Association (AIPA), Japan

Highlights

- ✓ The lecturer, who has engaged in supporting more than 1,000 Japanese SMEs' business innovation through AI&IoT, will show you the tips of a low-cost DX to solve the issues at your workplace.
- ✓ Two executives of SMEs in Japan, one from manufacturer, the other from restaurateur, will share experiences how they successfully transform business through AI&IoT.

Guest Speakers

Mr. Hideo Hayashi

Advisor,
Busyu Kogyo Co., Ltd

Busyu Kogyo Co., Ltd. Is a manufacturer that specializes in pipe bending and sheet metal processing. They have been working to improve productivity through "Ikko-nagashi Seisan" and the production management system "BIMMS" developed in-house. The company has achieved a surplus for more than 50 consecutive years and is attracting public attention.

Mr. Ryuji Tokiwagi

CTO, CSO & Evangelist,
EBIYA/ EBILAB Ltd.

Ebiya is a Japanese restaurateur which has history near Ise Grand Shrine. They have developed a customer forecasting system with a "prediction accuracy rate of over 95%" and a BI tool for acquiring and visualizing store data and external factors. The company has achieved a 5-fold increase in sales and a 10-fold increase in profit margins, and is attracting attention from various industries.
