

Training program for INDONESIA Business Innovation through AI&IoT

24-Oct. ~ 2-Nov.2022

@AOTS Tokyo Kenshu Center, Tokyo Japan

Course Director

Mr. Mitsuru ABE

Representative Director,
AI&IoT Promotions Association

Highlights

- ✓ The lecturer, who has been engaged in supporting more than 1,000 Japanese SMEs' business innovation through AI&IoT, will show you the tips of **a low-cost DX** to solve the issues at your workplace.
- ✓ You will experience the process of acquiring and utilizing of data through **a hands-on exercise** with an IoT module.
- ✓ Through **company visits** and lectures, you will get first-hand accounts from executives of SMEs and will learn their mindset for success.
- ✓ You will analyze your business issues and will **develop a plan** to use AI&IoT for solving them, with the guidance of the lecturer.

Target Participant

Company owners, executives or senior managers of SMEs, etc. who are interested in introducing AI&IoT for business (20yrs old and over)

* Skills or knowledge of IT/IoT/AI are not required.
